

AEROTRAIN CHASSIS KITS & PARTS PRICE LIST

As many of you know we purchased the remaining stock of Bowser/Varney Aerotrain Parts from Bowser.

We have comprised a price list below of what we're offering. All parts are LIMITED and will be sold until we run out.

In addition we do have a VERY LIMITED inventory of painted factory second "Scratch & Dent" locomotive shells. The prices for them will vary with the condition, and weather or not they have windshields and/or railroad decals. However, these seconds will be complete with headlight casting, painted stripe, and Aerotrain logo decal.
